

# CCA Update

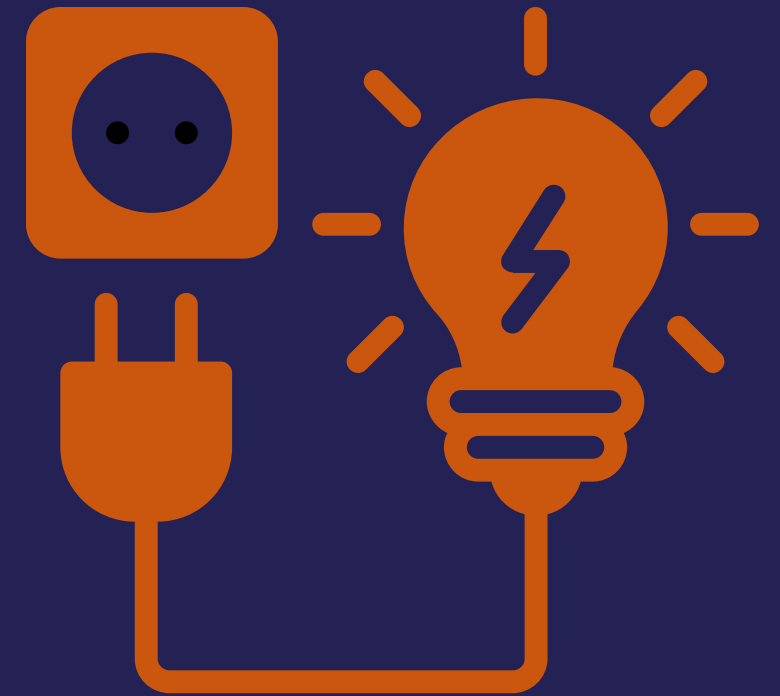

April 2021

Town of Augusta  
Village of Burdett  
Village of Delhi  
City of Elmira  
Village of Elmira Heights  
Town of Horseheads

Town of Lebanon  
Village of Newark Valley  
Village of Oriskany Falls  
Village of Spencer  
Town of Union

In 2019, communities in NYSEG territory worked with MEGA to create a Community Choice Aggregation (CCA) program.

- With CCA, eligible residents take part in a group purchase of electricity. They gain access to a **fixed electricity supply rate** and new **green energy** options.
- Anyone who wishes to opt-out is able to do so without a penalty. Residents can also opt-up to a **100% green** electricity supply.

# 2021: Program Renewal

This summer, the CCA program will renew with a lower fixed rate.

The communities below will continue to offer the CCA program for their residents and small businesses:

Town of Augusta  
Village of Burdett  
Village of Delhi  
City of Elmira

Village of Elmira Heights  
Town of Horseheads  
Town of Lebanon  
Village of Newark Valley

Village of Oriskany Falls  
Village of Spencer  
Town of Union

# What That Means for You:

A new, lower fixed rate will take effect in July 2021:

Default (Grid Mix) Rate:

\$0.04716 per kWh

Opt-Up Green Rate:

\$0.05706 per kWh for a 100% green electricity supply

If you have already opted-out, you will remain out of the program.

Letters providing program details and opt-out/opt-up information will be mailed to all eligible residents and small businesses in May 2021.

# CCA Renewal Timeline

Date	Action
April 2021	<b>Resident Education</b> – live webinars, videos, articles, more at <a href="http://www.megacca.org/resources">www.megacca.org/resources</a>
